INTRODUCTION

Switzerland: outstanding infrastructure | sophisticated network of professionals in fiduciary, legal, banking and investment services | ideally located in the centre of the European Union without being a member of it | leading location for private and corporate tax planning, wealth structuring and international management of assets

OUR CLIENTS

Law Trust acts for international companies, entrepreneurs, and families throughout the world. We provide a complete range of trust, foundation and company services, including advising clients on appropriate structures, providing and operating these structures for owning, developing and capitalising on various assets around the world. Our services may be of particular interest to either individuals or corporations seeking to:

- Legitimately reduce their exposure to taxation;
- Protect assets;
- Structure their affairs when moving between different countries;
- Reduce foreign taxes in international trading and investment situations;
- Obtain second passport through taking part in a residency programs offered by different governments throughout the world.

CORPORATE SERVICES

We specialise in setting up, administering and managing companies in Switzerland and in a variety of jurisdictions. In particular our services include:

- Management: acting as managing director or board member, providing managerial, legal and secretarial services;
- Domiciliation: providing a registered office address;
- Administration and bookkeeping, including preparation of annual accounts and interim reporting;
- Tax compliance services (corporate income tax, VAT, withholding tax, etc).

WEALTH MANAGEMENT SERVICES

Being part of the major private banking hub in the world, Law Trust assists high-net-worth individuals and families on the most optimal structuring of their financial and non-financial assets. We act as trustees for trusts in different jurisdictions. In addition we set up and administer foundations in several locations. We provide family office management services. No matter what size your wealth is, we have a solution.

WHO WE ARE

We are an owner run boutique office and our aim is to deliver distinctly different level of service, which focuses on developing long term partnerships with our clients and not just selling our products and services. Our personal approach ensures that we have a clear understanding of your particular circumstances and expectations, so we can provide the level of services which fits you exactly.

We believe in traditional values in listening to our clients and arranging the best mix of professional skills and jurisdictional advantage in order to achieve our client’s goals. Our staff is carefully selected to be suitably qualified for the role. Our lawyers, accountants and administrators have years of experience in the wealth industry.
